

## GRANT FUNDING

### **Project TVISP: Teachers of Students with Visual Impairments and School Psychologists Collaborating through an Interdisciplinary Program to Improve Services**

**Who:** The project will provide scholar funding to individuals interested in becoming a Teacher of Students with Visual Impairments or a School Psychologist. Scholars must be working toward a Master's degree in Special Education/Visual Impairments or Educational Specialist in School Psychology.

**What:** The project is a direct response to the critical shortage of prepared personnel to serve school-age children with disabilities who have high-intensity needs, specifically, children with high-intensity needs who are severely blind, visually impaired or low vision with or without concomitant disabilities. The project will prepare personnel who are knowledgeable in both fields, are able to deliver effective services to children, and are able to work as a collaborative team.

**Scholar Support:** \$13,500 per year (\$5,000 Fall and Spring semesters; \$3,500 Summer semester). Scholars may be eligible for a 50% tuition benefit (waiver) Fall and Spring semesters.

**For More information, contact:**
