SP ED 6022	Principles of Instruction & Behavior Support	3	F,S,U
SP ED 6030	Functional Communication and Language Development	3	S,U
SP ED 6040	Legal & Policy Foundations of Special Education	3	S,U
SP ED 6054	Professional Writing in Education	2	F,S,U
SP ED 5960	Choose one: Culturally Diverse Families	3	U*
	Approved upper division course on Cultural or Linguistic Diversity	3	

Specialization in Preschool Special Education (33.5 Credit Hours)		Credit Hours	Term Offered*
SP ED 6380	Developmental Constructs: Birth to Five Years	2	F
SP ED 5260	Transdisciplinary Approaches for Students with Severe Disabilities	3	S
SP ED 6310	Curriculum and Programming for Preschool Children with Developmental Delays	3	F
SP ED 6320	Communication, Social and Play Development and Intervention in Early Childhood	3	F
SP ED 6330	Field Studies I: Early Childhood	4	F,S
SP ED 6340	Individualizing for Diverse Learning Needs	3	F
SP ED 6350	Collaborative Early Intervention for Infants and Toddlers with Developmental Delays	3	S
SP ED 6360	Supporting Young Children with Developmental Delays in Natural Environments	3	S
SP ED 6370	Early Childhood Seminar	1.5	S
SP ED 6390	Student Teaching: Early Intervention	4	F,S,U
SP ED 6400	Student Teaching: Preschool	4	F,S

Advanced Graduate Core (9 Credit Hours)		Credit Hours	Term Offered*
SP ED 6610	Introduction to Research Design	3	F,U
SP ED 6620	Parent/Professional Collaboration	3	U
SP ED 6613 SP ED 6960	Choose one: Augmentative and Alternative Communication Instructional Strategies	3	U ²
	Interdisciplinary Teaching Methods Practicum: Special Education & Dance	3	
	Approved graduate elective	3	

* Offered on Even years

² Offered on Odd years

Other Study Requirements ^

Establish a Supervisory Committee

A student must establish a three-member supervisory committee to advise him or her in completing all study requirements. Upon admission to the Department of Special Education, the student must meet with his/her appointed advisor to establish a timeline for completion of study requirements, including a timeline for establishing the supervisory committee and identifying the committee chair. Master's supervisory committees consist of three faculty members (including tenure-line, career-line, visiting, and emeritus). Unless prior approval has been obtained from the Graduate School, the chair of the supervisory committee and the majority of committee members must be tenured/tenure track faculty in the Department of Special Education. The student may choose to appoint one member of the committee from another department or college at the University of Utah; however, a committee member from another department or college at the University of Utah cannot serve as committee chair. Exceptions to these guidelines must be recommended and justified by the Chair of the Department of Special Education, and approved by the Dean of The Graduate School. Generally, a faculty member from outside of the Department of Special Education should have knowledge and expertise in the student's area of study. All committee members must hold a master's (M.A./M.S./M.Ed.) or doctoral (Ph.D./Ed.D.) degree. For more information, click here: <https://gradschool.utah.edu/catalog/degree.php>

Qualifying and Comprehensive Examinations

The qualifying exam and the comprehensive exam focus on a single topic area identified by the chair of the supervisory committee. The qualifying exam and the comprehensive exam are designed to assess the breadth and depth of the student's knowledge of the research base in his or her specialization area, the ability to synthesize and integrate the knowledge and skills developed in the specialization area, and the ability to communicate ideas in written and oral form.

Successful completion of the qualifying and comprehensive exams requires the student to demonstrate competency in both written and oral communication. The supervisory committee will advise the student with regard to whether the qualifying exam will be a written response or oral response. If the qualifying exam will be a written response, then the comprehensive exam will be an oral response. Conversely, if the qualifying exam will be an oral response, then the comprehensive examination will be a written response. The written and oral responses are described in the following sections.

The qualifying examination must be successfully completed in order to advance to candidacy for the M.Ed. degree. Students must be registered for a minimum of one (1) credit hour during the semester that they complete the qualifying exam. Further, students must be registered for a minimum of one (1) credit hour during the semester that they complete the comprehensive exam.

Continuous Enrollment

All graduate students must be registered for at least one course from the time of formal admissions through completion of all requirements for the degree they are seeking, unless granted an official leave of absence. Students not on campus and not using University facilities are not expected to register for summer term.

Master Degree Residency Requirement

At least 24 credit hours must be in resident study at the University of Utah. Students are expected to complete their master's program within **four years** from the time they are matriculated. Previous graduate work may be applied to the requirements of the program if (a) approved by the student's supervisory committee, and (b) consistent with University Graduate School Policy.

- ¶ Students may be recommended for licensure to the Utah State Office of Education following completion of the Teacher License Requirements, Praxis II examination and successful completion of background check.
- * Semesters, dates and times of courses offered are subject to change.
- # Contact the department offering the course.
- Students who hold a valid Utah teaching license in Special Education may not need to complete the following courses. Please check with your faculty advisor.
- ^ Consult the Department of Special Education Graduate Student Handbook for the requirements for completing these study requirements.
